

Donated Materials

Ideally we would love every piece of material needed in the construction of the park to be donated by the community, including individual as well as corporate donors. Our list is quite extensive, but many items might be in your own backyard or garage. Some needed items include: various sizes of pressure treated lumber (arsenic-free), lag screws, carriage bolts, washers & nuts, 1-1/2" PVC pipe & fittings, drill bits, router bits, circular saw blades, sandpaper (belt and flat), upside-down spray paint, spray paint (red, blue, and yellow), latex gloves, garbage bags, dust masks, concrete bag mix, wooden stakes, and many more items...

As you can see, we do need a lot of materials to make the building of this park a success, but every little bit will help us tremendously! If you have a donation, or questions about what to donate, or just need an item to be picked up, please contact **Jim Hendrickson at (650) 563-9627**. The full detailed list can be viewed online at our website, www.mossbeachpark.com. We would like to achieve our "ideal" objective and the only way this can be done is through your generosity.

How Much Will It Cost?

Our fund raising goal for this project is \$200,000.00. This amount is greatly influenced by the amount of donated material which we receive. Unfortunately, there are many items which we must pay for. Our \$200,000.00 estimate is the total amount needed to construct the playground with limited material donations.

Moss Beach Park is managed by CP&R, Inc. a nonprofit organization recognized as tax exempt under section 501(c)(3) of the United States Internal Revenue Code. Contributions are tax deductible to the full extent allowed by law.

Our mission is to create a community-built playground in Moss Beach that promotes active play, stimulates imagination and is accessible to all children, regardless of ability.

Together we will make Moss Beach Park a beautiful space to be appreciated and enjoyed by all.

A Special Playground Imagined by Our Children Can be Built by You and Me.

The Moss Beach Park project is a collaborative effort of Coastside residents including parents, children, grandparents, and other interested members of our community working together to design, fund, build and enjoy a dream playground in Moss Beach. Our hope is to bring all members of our community together to achieve this common goal.

Working with a nationally recognized playground design group, Leathers & Associates, we will transform the dreams of our children into a unique and magical playground. Leathers' playground design and community playground concept, likened to an old-fashioned barn raising, has been featured in Smithsonian Magazine, Readers Digest, and on Sesame Street. Leathers' group has designed and orchestrated construction for over 1600 playgrounds worldwide.

This playground will be unlike those we played on as children, where the seesaws, swings and slides were firmly but precariously placed in asphalt. Our playground, designed by the children, and constructed by volunteers, will be a cutting-edge fantasy environment.

At the official kick-off of the Moss Beach Park, an architect from the Leathers group spent the day at Farallone View Elementary School meeting with nearly 500 children from kindergarten to fifth grade. By day's end, he had transformed the children's dreams into a schematic plan for our new playground.

Our children have designed a multi-leveled wooden play area which includes a castle, a whale slide, a lighthouse, a pirate ship, a sunken-treasure maze, and a rock wall for climbing. Also included in the plan is a stage and amphitheater where visitors can gather, or parents can relax and watch their children.

The handicap accessible structure will be a continuous playscape which will challenge children from ages 2-13 both physically and mentally while enhancing the Moss Beach Park. The success of this project can only be guaranteed through the help and support of everyone in our community. Many special people have already come forth with pledges of labor, materials, cash and food. However, we still have a long way to go to reach our goal. We are counting on you to help "Build our children's Dream."

You Don't Have to Be a Carpenter to Help.

You can build Moss Beach Park by:

Making a cash donation

Our goal is approximately \$200,000.00. This covers: Architectural fees, special play equipment, handicap accessible equipment, materials, and other costs.

Donating materials

See reverse side.

Lending your tools

They will be returned in the same or better condition.

Pledging your time

We need carpenters, painters, strong backs, food preparers and servers, child care volunteers, forepersons, coordinators and moral support.

Serving on any of our committees

We need your special talents to help coordinate this project (see list on back).

Advertising

Tell everyone you know that they can help build a dream.

Fund Raising Events

Many fundraisers have been and are being planned; GymTowne, Art in the Park, donation cans, baking contests, live auction, phone-a-thon, carnival, buy a board campaign, t-shirts and more.

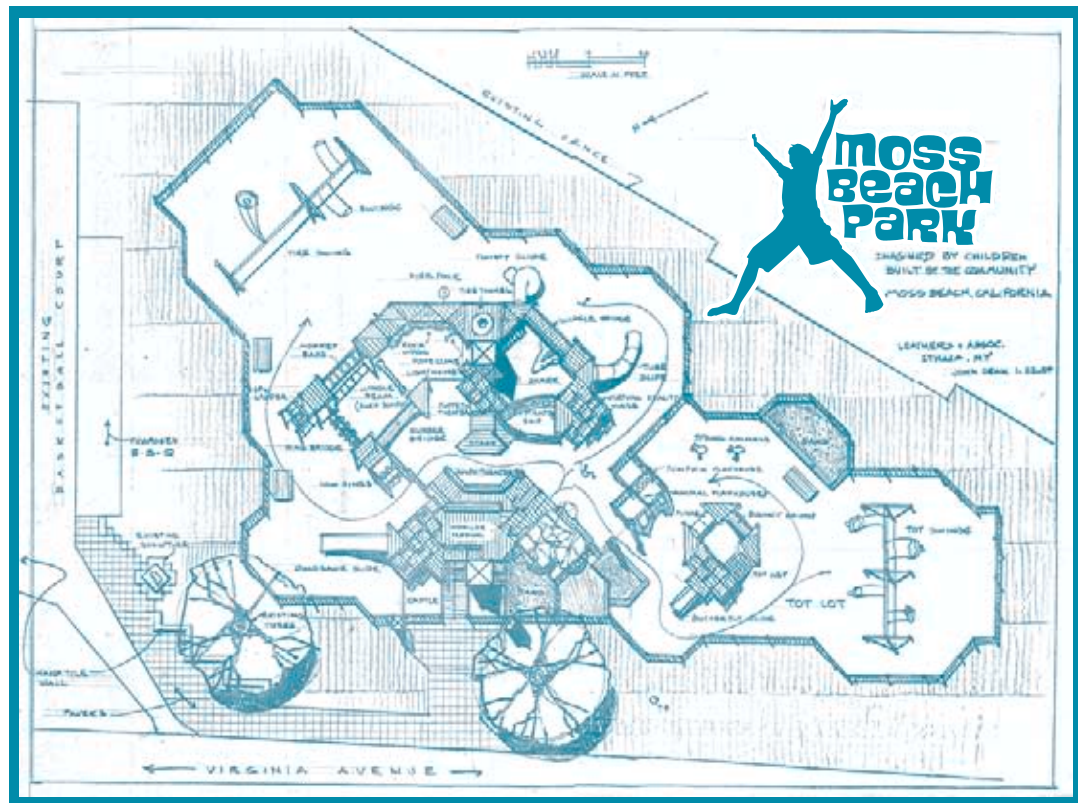

You're welcome to attend and participate in any of our fundraising events. Visit our website for dates and times.

T-Shirts

We have t-shirts for sale in adult and children's sizes for only \$15 and \$20. This special design will help tell everyone about our project. See the website or call **Erik Watts at 728-0358** for more information.

Buy-A-Board

Two sizes of planks and boards can also be purchased (sponsored) individually. This enables everyone to participate and make a donation according to the amount they can afford no matter how large or small. You can purchase boards using the order form on the back page.
